TRUE SCANDINAVIAN

STOREBRO 435 SUN TOP

STOREBRO 435 SUN TOP

For more than 60 years, the Storebro name has influenced and played a leading role in and the Swedish boat building industry. Always open to new technology and with continuous development of boat building techniques. The name stands for Swedish quality and world renowned beautifully finished wood interiors.

Storebro is delighted to introduce the new Storebro 435 Sun Top. A boat with classic elegant design, built for the boat owner who values quality, seaworthiness and comfortable living during longer voyages. The Storebro 435 Sun Top, with a height above waterline of only 3.2 m with mast folded, is particularly well suited for the inner waterways of Europe.

The wheel house has up to four seats facing forward. Side doors to both port and starboard offers easy access to the side and fore decks. This is an appreciated and comfortable feature when docking, anchoring and at passage through locks. With the top speed of over 30 knots the boat has remarkably low sound level at all speeds and offers a safe and comfortable ride as well as good fuel economy.

Twin engines and shaft drive ensures exceptional manoeuvrability and directional stability also at every speed. A shallow draft of approximately 1.0 meters is achieved by placing the propellers through semi tunnels.

Storebro satin mahogany carpentry finish combined with light coloured textiles gives

the interior an elegant, airy and roomy feeling.

Many practical and functional solutions are appreciated by the experienced boat owner who uses his boat not only when the sun is shining and the sea is flat.

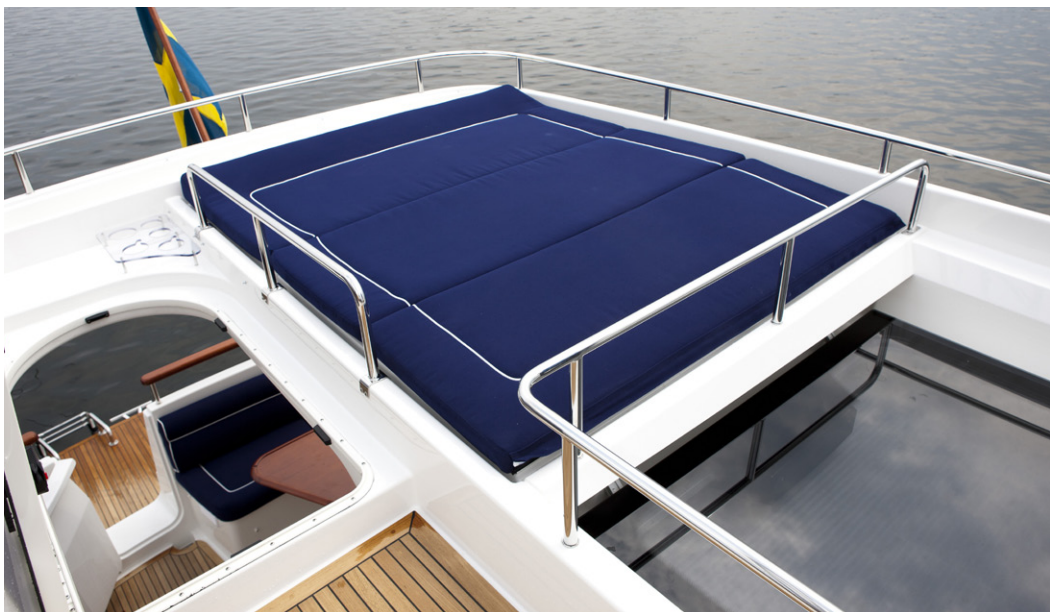

The comfortable U-shaped salon sofa offers a spacious dining place for up to 6 persons, also converts to a double extra guest bed.

Three electrically opening roof hatches in the deck salon and wheel house give maximum light and fresh air on warm and sunny summer days. On top of the deck salon roof is a 2 x 1.6 m private sun bed, which is easily reached via stairs from the aft deck.

The unique guest cabin is taking advantage of the full beam of the boat has three full length beds. A back rest serves as an infill and changes the layout to one 1.75 m wide double and one single berth. When only two guests are using the cabin they have a mini-suite with two single beds and a comfortable lounge sofa. There is also an en suite toilet and wash room.

TECHNICAL SPECIFICATION

MAIN CHARACTERISTICS

- Length: 13.2 m /43 ft 4 in
- Beam (B max): 3.9 m /12 ft 10 in
- Draft: 1.0 m /3 ft 3 in
- Displacement: approx. 9.0 tons (excl. fuel and water)
- Fuel tank capacity: 2 x 500 litres /2 x 132 US Gal
- Fresh water tank capacity: 400 litres /106 US Gal
- Water heater: 50 litres/13 US Gal
- Holding tank capacity: 135 litres/36 US Gal
- Power supply: 12V DC
- Batteries: Start 1 x 12V/77 Ah, Service 9 x 12V/80 Ah, Bow thruster 2 x 12V/77 Ah
- Engines: 2 x Volvo Penta D6 diesel

Hull, deck and superstructure

- Comprehensive hull stringer reinforcement system
- Hull, deck and topsides in sandwich laminate
- Hand-laid fibreglass reinforced plastic

Interior

- Selected Khaya mahogany with satin finish varnish

STANDARD EQUIPMENT

Deck

- Anchor light
- Anchor windlass fore including 40 m chain and 15 kg anchor
- Boat hook
- Sun covers in white canvas for front windows
- Deck discharge for holding tank
- Fenders (6) with covers
- Fender storage behind hatch in transom
- Flagpole
- Horn
- Mooring lines (4)
- Mooring bollards, four pairs in stainless steel
- Navigation lights in accordance with international standards
- Safety glass windows
- Shower on transom with hot and cold water
- Stainless steel pulpit and handrails
- Stainless steel window and skylight frames
- Swim platform with stainless steel swim ladder
- Teak deck on main deck and swim platform
- Windscreens, curved for increased strength

Sun deck

- Floor lighting
- Foldable radar mast
- Glass holders
- Outlet 12 V
- Railings in stainless steel
- Stairs from aft deck to sun deck
- Sun deck area 2.0 m x 1.6 m with cushions and protective cover

Master stateroom (fore)

- Direct access to WC and shower
- Double berth, 2 m long
- Ceiling, bracket and berth lights
- Lockers
- Sprung mattresses
- Mirrors
- Mosquito net and black out curtain under fore deck hatch
- Opening skylight to fore deck
- Opening port lights
- Outlet, 230V/12V
- Wardrobes with lighting, cupboards and shelves

Master head

- Access from master cabin
- Counter top in Corian with wash basin in polished stainless steel
- General lighting
- Lockers and shelves
- Mirror
- Opening port light in both toilet room and shower cabin
- Outlet, 230V/12V
- Pressurized hot and cold water
- Separate shower cabin with electric shower drainage pump
- Teak grating on floor
- WC with electric flushing

Guest cabin

- Ceiling and berth lights
- Infill cushion for converting to double berth
- Sprung mattresses
- Opening port lights, 2 on starboard and 1 on port side
- Outlet 230V/12V
- Wardrobe cupboards
- Three separate berths with storage under

Guest head

- Access from guest cabin
- Counter top in Corian with wash basin in polished stainless steel
- Electric shower drain pump
- General lighting
- Hand-held shower
- Locker and shelves
- Mirror
- Opening port light
- Outlet 230V/12V
- Pressurized hot and cold water
- Teak grating on floor
- WC with electric flushing

Galley

- Counter top in mahogany with double sinks in stainless steel
- Cutting boards
- Electric refrigerator 130 liter
- General lighting
- Opening window
- Outlets, 2 x 230V
- Pressurized hot and cold water
- Storage lockers
- Stove with oven, gas
- Granit inlay in counter top

Deck Saloon

- Book shelf
- Ceiling, cornice and bracket lights
- Outlets, 230V/12V
- U-shaped sofa with beige upholstery, and table
- Runner carpet
- Sliding glass door to aft deck
- Varnished teak/koto floor
- TV 22" incl. DVD, digital receiver and antenna
- Large glass roof hatch, electrically opening and with sun curtains with 60 % reduction

Pilot House

- Concealed lighting with white light as well as red night lighting
- Defroster/demister
- Door to side deck on both sides
- Double seat sofa for helmsman
- Swiveling double seat sofa at navigation position
- Varnished teak/koto floor
- Glass roof hatches (2), electrically opening and with sun curtains with 60 % reduction

Helmsman's and navigator's position includes:

- Battery monitor, Mastervolt Easy View
- Chart light at helmsman's and navigator's positions
- Chart table
- Compass, Silva
- Controls for trim tabs
- Echo sounder in EVC-D display
- Electric outlet 12V
- Electronic engine controls
- Fuel consumption monitor in EVC-D system
- Gauges for; fuel, freshwater, engine temperature and oil pressure in engines
- Hydraulic steering
- Log
- Plotter/GPS, Simrad NSE 12 with 12" colour screen
- RPM gauges with integrated hour meters
- Warning and alarm for temperature, oil pressure and electric charging

- Windscreen wipers (3) of parallel type with intermittent relays and wind-screen washers
- Glass and cup holders

Engine room

- Fuel tanks in stainless steel
- Twin engines, flexibly mounted, each with alternator

Aft cockpit

- Canvas cover for aft deck
- Deck lighting
- Hatch with locking system to hold under cockpit floor
